## IMPROVE EFFICIENCY, MINIMIZE HAND TIME & PROTECT PIPE

Improve efficiency of steel mills, finishing facilities, and oilfield service companies with our patent-pending, no-thread, universal thread protectors that service your needs globally. Two different concepts; hand and bolt actuated thread protectors are available in diameters from 2 7/8" to 9 5/8".

1. Protects Pipe
2. Fits All Thread Types
3. Reduces Number of SKUs
4. Low Impact
5. Global Service
6. Two Concepts

## OFFSHORE OPERATIONS

## ONSHORE OPERATIONS

### SUSTAINABLE

Made of highly recyclable plastic, High Density PolyEthylene.

### PIPE PROTECTANT

Large clamping force prevents protectors from disconnecting.

### ANY THREAD TYPE

Reduces number of SKUs required for various protectors.

### LOW IMPACT

No use of hammer to install and uninstall.

### DUAL APPLICATION

Serving onshore and offshore operations worldwide.

### DIAMETER RANGE

Wide range of diameters from 2 7/8" to 9 5/8".

### SIMPLE MECHANISM

Easy to install and uninstall with hand tools.

### SAFER & FASTER

Quick installation. Reduces overall hand time required.
